

# Public-Private Partnerships Advisory Services

May 2021

# What do we do?

**Objective:** Help bridge LAC's infrastructure gap by promoting private investment in PPPs and Upstream projects.

## BUSINESS AREAS

# Support to Companies - Unsolicited Proposals (USPs)

IDB Invest supports the development of Unsolicited Proposals throughout the lifecycle by providing reimbursable technical assistance to companies interested in presenting this type of projects to governments throughout the region

  
PPP Advisory Unit

  
Investment Unit

## BUSINESS AREAS

# Support to Companies - Upstream

IDB Invest upstream support is focused on creating the market conditions required to mobilize investment to private projects. These activities take place before the financing phase.

### Market Creation

Activities that have a market wide impact in sectors which are important for IDB Invest

Ej. Design of financial facilities to promote investment in social infrastructure

### Apoyo a Transacciones

Activities to Support the development of specific projects which IDB Invest will finance

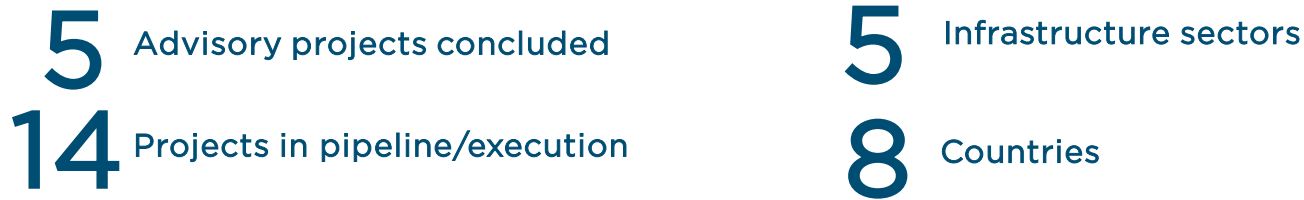

Ej. Designing a bankable business plan for a distributed energy project
